

Kärcher SP2 Flat Submersible pump

The pump copes with up to 6,000 l/h and pumps out water down to 1 mm, leaving the surface mop dry. The SP 2 Flat submersible flat suction pump is the compact entry-level pump for emptying cold pools. Includes 5m hose with quick connector.

HS Code

84137021

Product description

With up to 6,000 l/h, SP2 Flat is ideal for draining smaller pools. A robust slide ring sealing makes the pump extra long-lasting. And the Quick Connect connection thread allows hoses to be quickly and easily connected.
