

## Avantopool Kinos

The Kinos pool has been designed with a focus on design, ergonomics, and sustainability. The stairs and railings can be installed either on the sides or the end of the pool.

The Kinos pool's water filtration and automatic continuous ozone purification ensure that the water is always clean. The pool's energy efficiency ensures low operating costs. Using the smart "sleep mode" for example during the nights, the electricity consumption can be reduced significantly (30-40%).

The standard colors of the pool panels and steps are white, grey or black.

### HS Code

85161080

Available in 3 colors: white, grey, black

Recommended accessories	Ref.
Filter 5 pack	KSU05P
Filter 18 pack	KSU18P
Kinos Care package	KHU001

Product name	Product code	EAN	Export carton meas.
Kinos (white)	AP001	6429810465054	122 x 82 x 123 cm, 170 kg
Kinos (black)	AP001	6429810465030	122 x 82 x 123 cm, 170 kg
Kinos (grey)	AP001	6429810465047	122 x 82 x 123 cm, 170 kg

### Technical details

Dimensions without steps	Length 120 cm, width 79 cm, height 105 cm
Dimensions with steps	Length 120/154 cm, width 79/113 cm, height 122 cm
Capacity	300 l
Weight when empty	147 kg, with railings and steps
Weight when filled	450 kg
Power supply	220-240V, 50Hz, power cord with RCD, 5 m
Temperature range	Adjustable between +4°C and +38°C
Cooling / heating speed	4°C / hour
Current (max)	7 A
Cooling/heating electrical power	0.7 kW / 1,5 kW
Refrigerant	R134a
GWP value	1430
Noise level	54 dB (A)
Control	Digital touch screen control, with a cold recovery timer
Hygiene	Water filtration and continual ozone purification
Outdoor use	Only when fully weather-protected
Average power consumption	Approximately 5 kWh/day once the pool has reached the target temperature
Warranty (limited)	Frame, acrylic basin and side panels 3 years. Mechanical and automation components: 2 years
